

Welcome Message to the participants of the 25th Anniversary International Exhibition Agroprodmasn 2020

I am happy to welcome the exhibitors and visitors to the 25th anniversary edition of the International Exhibition for Equipment, Technologies, Raw Materials and Ingredients for the Food Processing Industry – Agroprodmasn 2020.

This year, Agroprodmasn celebrates its 25th anniversary, once again confirming that it is Russia's leading trade show of equipment and technology for the food and food processing industries. It ranks in the top ten of the best European industry shows. Its high standing is also confirmed by certificates of UFI, the Global Association of the Exhibition Industry, and RUEF, the Russian Union of Exhibitions and Fairs. EXPOCENTRE arranges the show with support of the Russian Ministry of Agriculture, the Russian Ministry of Industry and Trade, and under auspices of the Russian Chamber of Commerce and Industry.

The interest in Agroprodmasn isn't waning. It is still very much in demand in the business community. Demand for food processing equipment remains high. The show offers a great opportunity to find optimal solutions for upgrading and modernization of the industry's enterprises in Russia. Here, leading Russian and foreign manufacturers and suppliers showcase their equipment, ingredients and comprehensive solutions for all sectors of the food processing industry.

More and more Russian regional companies take part in Agroprodmasn at group stands of the Altai, Krasnodar and Stavropol Krai, and the Kirov, Moscow, Samara, Tver, Tula and Vladimir Oblasts.

All industry professionals can find something they are looking for in the product sectors of Agroprodmasn, which covers everything from production of raw materials and ingredients to manufacture of finished products, packaging, storage and logistics. This year the focus is on safety, sustainability, automation, robotization, global digitalization, and cost optimization. These trends are also going to be the main topics of different events of the exhibition program.

EXPOCENTRE AO offers its exhibitors and visitors everything necessary for safe and fruitful work at the show. I am positive that Agroprodmasn 2020 will provide every opportunity to assess the present state of the agriculture industry, generate business leads, hold talks, and sign contracts with partners and clients. I would like to wish all of you good health and every business success!

Sergey Bednov
Director General
